

No.2 Spring 2018

Do you identify as Lesbian, Gay, Bisexual or Transgender?

Trade unions exist to improve the working lives of their members. Lesbian, gay, bisexual and transgender workers face harassment and discrimination. It's hard to deal with on your own. As a UNISON member you have a voice in the UK's largest public service union, committed to working for LGBT rights.

LGBT members organise locally and nationally to support each other, to identify and challenge discrimination, to increase awareness of LGBT rights and to campaign for change.

Chechnya: LGBT rights are human rights – Protest

A brutal campaign against gay men is sweeping across Chechnya, an administrative unit of the Russian Federation. At least 100 men who are suspected by the authorities of being gay have been abducted, put into "concentration camps", tortured and many even killed.

The government in Chechnya deny this by stating "that gay men can't be being rounded up and killed, as there aren't any gay men in Chechnya. And if there were, the state wouldn't need to 'deal with them' as their families would do it themselves"

Chechnya is bound by human rights both domestic and international. These have been fatally disregarded. UNISON has a proud history of promoting LGBT rights and making gains for the LGBT community.

UNISON Newcastle Hospital Branch and UNISON Northern protested the persecution of Gay Men and the LGBT community in Chechnya and demanded that they recognise that LGBT Rights are Human Rights.

You can find more information about the event from facebook or read more details from the national website.

They held a colourful, peaceful protest and showed that love and community spirit is the way to defeat hate.

UNISON must continue to be vocal about ongoing persecution and stand together to fight hatred in all its forms wherever that may be.

We must stand in solidarity with the Chechen LGBT community to let Chechnya know – the world is watching and we won't accept this.
