Time: 2pm – 4pm

Any UNISON member who is aged 30 or under is eligible to attend and take part in Young Member events. You can attend the AGM either physically or virtually via Microsoft Teams. Members wishing to attend must register their attendance using the link below before Monday 19th February 2024.

Our AGM is a fantastic opportunity to meet members of the Young Members Committee, become more active, help us campaign on the issues affecting young workers. Lunch and refreshments will be provided and reasonable travel expenses will be covered by UNISON.

The Scottish Young Members committee is open for any UNISON Young Member to attend. Within the committee we have senior lay positions, any Scottish Young Member can nominate themselves for these roles.

There are also regional seats you can self nominate to. These seats allow Young Members to attend regional meetings for various sectors and committees, which gives Young

Members a strong voice across UNISON. If you would like to nominate yourself for an officer role or a regional seat please complete the form attached.

Training

In the afternoon of the 24th, Trans ally training will be delivered to those who attend the AGM in person. With 2024 being the year of LGBT+ workers, this training will support understanding and promote equality. Trans people and Trans rights are becoming increasingly visible but many people still face real isolation. Every non-Trans person can be an ally for Trans equality.

Lunch and refreshments will be provided.
